

# THE MARK13 NEWSLETTER 2025 PART II

'The use of media as a tool in the game of geopolitical chess has long been a feather in the cap of great powers and Russia has transformed this into a craft shrouded in mystery. The Soviet concept of the "journalist-spy" not only survived the collapse of the Union of Soviet Socialist Republics but also evolved into a hybrid warfare tactic that leverages both traditional media and digital platforms. Intelligence activities in the U.S.S.R. were not confined to the traditional notion of espionage. For the KGB and its foreign intelligence branch, keeping a tight rein on the information space was the name of the game.

These agencies often sent their operatives out into the wild, masquerading as journalists, to foreign lands as part of a larger game of influence. In today's global landscape, Russia employs a "hybrid approach" to its information policy, blending traditional military tactics with cyber operations, disinformation campaigns, social media manipulation, and covert intelligence activities carried out by individuals posing as journalists and experts.'

(Farid Zohrabov, 7-12-25)

As Christ says in Matthew 24, Mark 13 and Luke 21: "nation shall rise against nation" meaning the Kenite nation rising against itself through two warring factions: the Kenites on the multipolar end of the globalist spectrum who for the most part control Edom (mainly through the Russian Federation which is the current king of the north according to the Daniel 11 Hypothesis on [biblicalresearchlabs.com](http://biblicalresearchlabs.com)) as opposed to the unipolarist Kenites who for the most part control the left/right paradigm (which is symbolized by Ammon and Moab) mainly through the United States which is the current king of the south. Also operating within the left/right paradigm and media agencies of the United States are the hidden agents of Edom, working 'to introduce geopolitical disorder into internal American activity, encouraging all kinds of separatism and ethnic, social and racial conflicts, actively supporting all dissident movements – extremist, racist, and sectarian groups, thus de-stabilizing internal political processes in the U.S.' as Russian propagandist Aleksandr Dugin (a.k.a. Putin's Brain) wrote in his 1997 book *Foundations of Geopolitics*.

But there will be no so-called 'new world order' until the five month long hour of temptation begins at the woe of the 5th trumpet when Satan and his angels get cast to earth. Only then does the one world political system of Revelation 13 emerge which then gets wounded to death, after which it becomes a one world religious system when Satan appears in Jerusalem as the antichrist at 666.

## KREMLIN SCALES UP PROPAGANDA NETWORK ACROSS AFRICA

(kyivindependent.com, 7-13-25)

(EXCERPT)

Russia is actively increasing its influence across African countries, using propaganda networks such as the Russian state information agency TASS and state-owned news outlet RT, Ukraine's military intelligence (HUR) said on July 13. As of July 13, the channel, widely acknowledged as a Kremlin propaganda machine, is broadcast in more than 40 African countries in six languages, according to HUR's statement on social media. In June 2025, RT began to produce content in Portuguese for the markets of Mozambique and Angola.

By the end of the year, the channel plans to launch broadcasting in Amharic for the audience in Ethiopia, HUR says. "Russian propaganda is a global threat that works for one purpose — the aggressor's territorial, resource and cultural expansion," said HUR spokesperson Andrii Yusov in a statement.

Over the past 2 years RT has increased the number of its African partner TV channels twofold, — from 30 to 60. RT had also implemented educational programs for local journalists, training over a thousand media professionals according to Russian standards in 2024 according to HUR.

"We all understand that this conflict is not between Russia and Ukraine. This conflict is between the two blocks of multipolarity and unipolarity. Unfortunately, Ukraine is being held as the life shield of (the) unipolar world."

-Darya Dugina
