2026 PART III

(EXCERPT) **The third Russia-Africa Summit on Thursday adopted a declaration calling for a more multipolar world order, greater African representation in global governance and expanded cooperation in trade, energy, security and technology, the Kremlin said...**(bernama.com, 10-30-26)

(EXCERPT) **Ethiopia and Russia are working to translate their historical ties into cooperation that responds to contemporary development priorities and an evolving international order...a significant new dimension emerged when Ethiopia became a full member of BRICS in 2024...for Ethiopia, BRICS membership provides a framework to widen economic partnerships, engage with major emerging markets and contribute to discussions on the future of global governance...for Russia, Ethiopia's participation creates additional opportunities to deepen bilateral engagement within a wider multilateral setting.** (fanamc.com, 10-29-26)

(EXCERPT) **As international attention remains focused elsewhere, Russia is quietly expanding its presence in Libya—a highly strategic location that offers access to oil resources, military bases, and a deep-water naval port in the East Mediterranean. If Moscow succeeds in consolidating its position there, it would gain a critical hub from which to project power in the Middle East and across NATO's southern flank, potentially interfering with the alliance's naval operations, overflights, and military readiness. Such a boost to Russia's Mediterranean infrastructure, capabilities, and presence could potentially constrain NATO air and maritime freedom of maneuver in the event of a NATO-Russia conflict.** (washingtoninstitute.org, 10-9-26)

Obviously, the Ezekiel 38 Confederacy is continuing to formulate, headed by Gog: the chief prince of Meshech and Tubal, meaning most likely Moscow and Tobolsk...the Russian Federation being the current king of the north (as you can see pointed out in the Daniel 11 Hypothesis on biblicalresearchlabs.com) and at the woe of the fifth trumpet when Satan and his angels get cast to earth which is when the one world political system of Revelation 13 emerges, the Ezekiel 38 Confederacy will at that time become the bear of Daniel 7 (which is the fourth king of the north) and then after the one world political system gets wounded to death, it will then become a one world religious system at the woe of the sixth trumpet when Satan appears in Jerusalem as the false christ.

WAR PUSHING IRAN CLOSER TO RUSSIA

(chathamhouse.org, 11-2-26)

(EXCERPT)

Moscow was previously perceived by some in Tehran as an unreliable partner that benefited disproportionately from Iran's support. But Russia is now increasingly seen as an important partner to ensure Iran's military survival, post-war reconstruction and long-term deterrence.

In October alone, senior Iranian and Russian officials held three high-level meetings, reflecting the growing importance both governments attach to the partnership.

On 8 October, Iran's president Masoud Pezeshkian met Russian president Vladimir Putin in Turkmenistan on the sidelines of regional summit meetings. They emphasized the mutual political will to deepen ties across virtually every sector, including trade and economic cooperation.

On 19 October, Russia's foreign minister Sergei Lavrov travelled to Tehran and met with Iran's President, Foreign Minister and Supreme National Security Council head. They discussed energy, transport and broader bilateral relations. The meetings emphasized the need to advance the comprehensive strategic partnership signed in January 2025, continuing economic and investment cooperation despite the challenges posed by the war.

'Russia and China completely disagree with the international order that was established after World War II and they're trying to take it apart right before our eyes.' -JACK KEANE
